**We are currently open for normal preventative and continued care procedures in accordance with The Massachusetts Dental Society and State Regulations mandated by Governor Baker. For the time being, our office will be operating on limited capacity as we work through the next few phases of the Covid-19 pandemic. It has been recommended that we delay any strictly cosmetic procedures until further notice. **Rest assured, we are following all of the CDC guidelines for infection prevention and control. We have always practiced stringent infection control and now is no exception. We have implemented many additional layers of safety into our practice for the safety of our staff and patients. You can feel safe and reassured that we are doing all we can to keep everyone healthy.
